# SWEDISH EROTICA

Erotic . . . or adult films have become an integral part of the viewing habits of the American public . . . as attested to by the millions of people who have seen Deep Throat and the many other films shown in theaters across the nation. In addition to these . . . hundreds of thousands of people have home projectors so that they may view 8mm adult films in the privacy of their own homes.

In the midst of all the controversy as to the legality of these films . . . many experts in marriage counselling and psychiatry have recommended these films as being therapeutic in improving the relationship of many couples with sexual problems.

It is not the intent of the publishers of this publication to condemn . . . condone . . . judge . . . or recommend these films. However . . . in view of

the fact that we firmly believe that the First Amendment guarantees the right of the freedom of expression and consequently the right of the public to view or read any material in the privacy of their homes . . . we have compiled a review of some of the films we feel have been produced professionally for the entertainment and edification of mature adults.

When the consumer purchases any product in large quantities . . . he or she is entitled to be informed regarding that product.

Through television, satellites, space probes and jets . . . the world is getting smaller and smaller. Mores and morals are changing with the times and people are learning from each other. Many countries are now taking sex education and sex itself out of the stigma of taboo. It is time for the people to view it . . . read about it . . . and discuss it . . . and then form their own judgments.

## A SEXY AFTERNOON — #100

John Holmes fell in love with the bungalow at first sight. It was situated high above a blue, rippling lake which not only could be seen from his veranda, but through the picture windows in his living room and bedroom. A serene setting which would give sensual sensations to any girl he might bring to this new pad of his. John Holmes is known for the lovely girls he associates with ... Penny would be no different. She was a luscious, curvacious, young, dark haired girl. Her tits were overly large but nonetheless firm, with large pink nipples; succulent, to say the least. Once a man set eyes on those breasts he would not rest until he was tonguing the nipples and sucking as much of the orbs into his mouth as was humanly possible. She was John's first visitor.

Her hips were firm, yet tender, and her inner thighs were soft as the softest velvet, and the muff between those pleasurable thighs held the same dark hair as her head, but softer and extremely sexually inviting; the protector of the love-box beyond. When the pubic hairs were parted, the exotic, ripe, pink lips of her cunt peeked out in a lustful longing to be kissed, to have a mammoth prick like that of John Holmes violate them, and to travel further, further into the deep recesses of her hot, wet cunt itself. Her clitoris wiggled at the slightest touch; she loved to have a man's mouth press hard over her clit;

sonn

to take it with his tongue and to suck it into his mouth; to feel the breath, the searing breath of a man sucking on it with full erotica; and to know that when her hips and her ass begin to rotate on the bed, her passions will rise to the heights. His tongue would go deep into her cunt and trace the moist walls inside. At this point, she would have her first orgasm, and the inside of her cunt would become wet and sticky with the substance the tongue had been searching for.

She might at the same time lower her finger to her clit the tongue had just left, and she would keep up the motion on the clit with that finger . . . and while his tongue jerked back and forth, circling the wet vagina walls, she would take her clit into two fingers and massage it back and forth; her ass would bounce up and down as orgasm after orgasm shook her body.

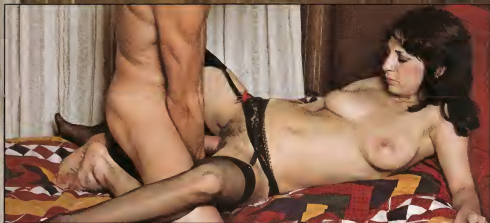

Her cunt would smash time after time into his face but he would not stop his licking and lapping until he felt she was completely satisfied, and all the time John's big cock stood up two-hands-plus in its length and hardness. She'd want to take that gigantic hardness into her own mouth, to feel the tip of the head with the tip of her tongue. Then she'd want to take just the big cock head into her mouth and close her lips tightly around the base of the head and still continue to play over it with her tongue. She would do this erotic stimulation for a long time; until she felt the head contracting and expanding. She would then take as much of the entire prick deep into her throat as she could and go back and forth on it with her tongue ever moving, circling.

The heat from deep within her body would expel on that instrument of sexual pleasures; and her hands would play with his hard balls.

But he would not cum at that instant. John would turn around and after kissing her enormous globes again, he would put his cock into her pussy and fuck hell out of her. The bigness of it would make her scream and yell. Her finger would find her clit and as he pumped his cock back and forth into that warm pussy, she would finger fuck the clit.

His balls would grow harder and seem to move in her hand and she would know the time was nearly at hand when he would shoot his cum into her throat and she would swallow it. She would feel the balls tensing and quickly she'd move her ass so that his prick was free and clear for her to place where she wanted it. She'd bury it deep behind her lips and the cum would spurt into her throat and she'd gulp it down. Then, when the juice stopped spurting, she would clean his rod with her tongue . . . it would be a very **SEXY AFTERNOON.** ●●●

## COLLEGE STUD — #104

Margate is a black man and is the COLLEGE STUD who most of the college girls want to have an affair with, and he is always ready to oblige them. He's a cocksman and knows it. He loves cunt, and will take his cock out and dig it into a pussy at the drop of a girl's panties. The girls were dropping their panties frequently because Margate was insatiable in his demands for sex. He never had to look very far to find some exotic beauty who would swing on his cock.

Two of the lovelies who are anxious to get laid by the guy are Louise and Ruby, a couple of white girls studying biology. They both want to take him on at the same time, because both of the girls also love to suck cunt. They know that while he is fucking one of them, the other girl can get in there and suck cunt . . . and they both want to experience going down on his prick at the same time, sucking it raw. They had both sucked on the same cock before, but never a black man and that would be

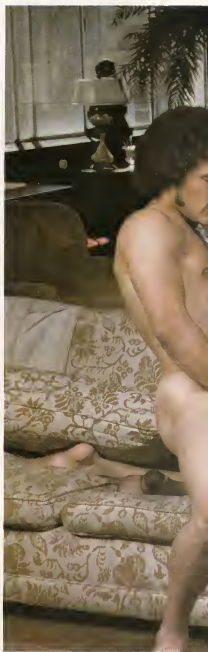

the new experience for them. They had heard that a black stud was the best fuck in the world, and that if he used his tongue on their cunts they would be going ape, climbing the walls for their sensuous sexual thrills. This was something they had to do, and they got him to their apartment on a Saturday evening. He didn't have to be told what the girls wanted him up there for. They looked him over, then quickly stripped.

Upon seeing the luscious curves of their bodies, the beautiful titties, round and firm with the nipples sticking straight up, he quickly stripped off his own clothes and the girls began sucking his cock.

Ruby was the first to suck on him alone while Louise sucked at Ruby's cunt, sucking her into a quick orgasm. Then they changed places and went through the same routine, until Louise had her first

mountainous orgasmic explosion. Margate then fucked both of them into a series of orgasms, but he held himself back. He was getting much too much pleasure from the fucking and sucking to cum and spoil all that cunt action. The girls really knew how to use their cunts and their mouths and the boy knew he was getting fucked and sucked but good.

However, Ruby sprang something new on both of them. It

would be the thrill of the evening, an adventure which was bound to make Margate get his jollies and there would be nothing he could do to stop his cum. She got up on the couch and bent over the back while the black man jammed his cock up her ass for an ass fuck, and Louise got under to lick Ruby's cunt while she diddled and finger-fucked herself. All three come out of the affair completely exhausted . . . but sated. ●●●

## FIRE AND SPICE — #115

John Holmes has been lounging around his pool waiting for his next movie offer when the phone rings. It is the madam of a very exclusive whorehouse where big prices are paid by the clients. She wants to know if he is free for a few hours and he tells her he is and she asks if he wants to make a couple of hun-

dred bucks. John is far from turning down bucks. What does she want him to do? The madam tells John that she has taken on a new girl, an extremely lovely redhead and she'd like to have him break her in. There is no one who can break in a new girl like John because of his mammoth sex organ. When a

girl is jazzed by John she is ready to take on any client no matter what his shape, or what he might ask the girl to do for him.

John readily accepts and a short time later arrives at the whorehouse and is ushered to the new girl's room. He immediately likes what he sees,

and goes to the girl for the start of the affair which is an open-mouthed kiss. The girl begins to twitch all over from his first touch. She has heard of the super sex-star, and is thrilled from the instant of his first touch. If he has the cock that she has been told about, she knows that she is going to get the fucking of her life . . . and she wonders how much of that big dick she can get into her mouth. She hopes she can please him, because if she does the madam will get an excellent report and she will be one of the higher-priced whores in the whorehouse.

She wanted to take all of the dick if she could, and that thought stuck with her as the man stripped down to his shorts, and her eyes glued on the front of the shorts waiting for them to disappear and the fantastic organ to appear.

The mammoth organ snapped out as soon as the top of his

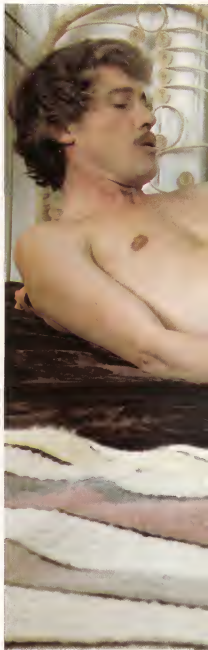

shorts cleared it. The French kissing had already given rise to the cock and the girl's eyes went wide at the sight. It was all that she was told it was. She gave a little squeal and grabbed for the instrument. She had to take it into her mouth as quick as she could. She didn't give a damn about reports any longer. All she could think of was sucking on that great monster. She couldn't take the entire cock because it was just too big for her mouth, but she took enough to make John know the girl had talents, and her tongue was a slashing fire of sexual erotica. And as she sucked at him her finger went down to finger fuck her own cunt.

John indicated that she didn't have to do that and he slowly took his prick from her mouth and twisted his body so that her cunt was just above him. He raised up his head and with his tongue he parted her cunt hairs and searched out the instrument of her sexual thrills, her clitoris. She jumped slightly as his tongue hit home, then she settled back. John had the true talents of a great cunt sucker she realized from the start. His

nose continued to work on the clit while his tongue went in and around her vagina and the lips of her cunt, and the inner, wet, heated walls of the cunt itself. She wanted to scream out in delight but she held back her emotions and the pressure she used forced an orgasm, the likes of which she had never experienced before.

But then it was time for her to be fucked, and John stretched her out lengthwise on the velvet-covered couch and he took an overly long time in putting his cock into her, not that he thought it would hurt the girl, but he wanted her to actually feel every inch as it slid into her cunt. The girl squealed in sheer delight, and she was cumming again and again all through the long insertion. Then John pumped his cock into her over and over until he knew he had to make his own release. He knew it would be a big cum shot because the girl had been good and extremely talented in the ways of pleasing a man. The cum shot was just as big as he had expected . . . the girl was really all FIRE AND SPICE.
